er. Mrs. A. A. Radder and Mrs. Eugene Blank, Albany co-chairmen of the Mothers' March on Polio, today reported plans are being completed for an all-out group effort by the women of the community to write a record climax to the 1955 March of Dimes.

The community chairman reported that on Feb. 1, between 7 and 9 p.m., women volunteers will visit every home in Albany, and throughout Alameda County, where a lighted porchlight, or a candle or lamp shining in a front window, indicates a resident wishes to give to the fight against polio.

Because polio so often attacks young, the disease is a special concern to parents, the Mothers' March chairman said. However, they emphasized that all women, whether mothers or not, will be welcomed to the ranks of the Mothers' March.

"We hope everyone will make a note on the family calendar of the date and time of the Mothers' March," Mrs. Radder and Mrs. Blank declared. "The Mothers' March this year must accomplish a bigger job than ever before. We must help provide both for the care and rehabilitation of those who have been stricken by polio, and, at the same time, meet the costs of a polio prevention program which is at a crucial stage."

Alameda County chairman of the Mothers' March on Polio is Mrs. Allison Stutsman, chairman of women's activities for the Alameda County Chapter, National Foundation for Infantile Paralysis.

The students are: Carl Anderson, Richard Anderson, Orpha Burke, Mary Dietz, Robert Fuhrman, Leonard Grossman, James Hammill, Janet Harris, Mabel Holstein, Chester Jnsko, Robin Johnston, Bruce Keppel, Susan Klugman, James Loebbecke, Karen Price, Kenneth Rouse, Sachiko, and Lester Switzer.

Vern W. Robinson, associate director of the University's office of relations with schools in Los Angeles, who announced the award, explained that it was based on the total number of university entrants from the high schools. Awards, he explained, were made to the schools who university entrants made a superior group average.

This is the first time the University of California has presented merit awards on a campus-wide basis. Previously the individual campuses made their own awards. The U.C. campuses taking part in the awards include Berkeley, Davis, Los Angeles, Riverside and Santa Barbara.

## High Award For Cub Scout At Church Rites

On Scout Sunday, February 6th, at the 11 a.m. worship service of Grace Lutheran Church, El Cerrito, Scout George Fosselius will receive the citation and award of Pro Deo Et Patria. Presentation will be made by the Rev. Ortwin R. Janke, pastor.

This citation, known as the "God and Country" award is given by the Church to Boy Scouts who have accomplished special work within their church.

George, a first class scout and scribe of troop 42 sponsored by the Marin Dads' Club and headed by Scoutmaster Eugene Hellfig, is 12 years old and believed to be one of the youngest scouts to ever receive this badge. He is the son of Mr. and Mrs. Carl Fosselius, 711 San Carlos Ave., Albany, and an eighth grade student at Albany High School. He is den chief for Den 5, Pack 3, Cub Scouts which has the same sponsor as Troop 42.

He has attended Sunday School at Grace Church for seven years since moving with his family to Albany from San Francisco, and has been active in Junior Choir and Walther League there. In June of this year he will be confirmed and become a communicant member of Grace Church.

At school he plays clarinet with the Albany High Band and has special interests in the Science and Projector Clubs as well as serving as Boy's League representative from his advisory.

Scouts and Cubs have been invited to attend the service in uniform with their families and a reception is planned to follow in the Parish Hall adjoining the church, at noon.

Helping Mrs. Fosselius with serving refreshments at the reception will be Mrs. Charles Shaw, den mother for Den 5 of Cub Pack 3, and scout mothers the Mesdames N. L. Thomas, Ben M. Logan, Laverne Jensen, and Philip V. Herbert.

## Finnish Food Prepared at Albany High

Residents living near Albany High were treated to some new and wonderful odors last week which wafted through the open windows of the "Old Building."

As Mrs. Dorothy Buck, foods teacher, explained it, the odor wasn't popcorn burning—it was a dish of Kaali-Kaareita. Foods 11 were sampling their first adventure in foreign cooking, with Mrs. Stephen Lehmer as a special guest and guinea pig.

Finland, famed for Olympic champions, was the country honored. The meal included such unpronounceable (but delicious) dishes as: Reeb soup, ruska leipa (which was freshly baked rye bread) the Kaali-Kaareita dish (meat and seasoned rice rolled in cabbage leaves) and Pannekablu for dessert, which turned out to be a very rich vanilla cake and custard.

Dora Purcell collected the recipes and all the kitchens in Foods 11 cooperated in preparing and serving the meal.

Other action of the Council at last Monday night's meeting included:

The vote was 3 to 1 in favor, with Councilwoman Zahn voting "no." Councilman Combs was absent. ## CHURCH OF THE NAZARENE

Army Chaplain Chester O. Mul-  
der, while stationed in Japan two  
years ago, with many of the U.S.  
soldiers at the army base near Ya-  
moto, in northern Japan, was in-  
strumental in organizing the first  
Christian services ever held in that  
city. Through the efforts of the  
chaplain and his G.I. helpers a

growing church remains to testify  
of the power of Jesus Christ to  
work miracles in the lives of all  
men everywhere.

Chaplain Mulder will speak in  
the Albany Church of the Nazar-  
ene, 850 Talbot Ave., Sunday at  
7 p.m. With the aid of many in-  
teresting colored slides he will de-  
scribe his experiences with Japa-  
nese Christians, and their church-  
es.

All are cordially invited to at-  
tend this unusual service

### \$4 BILLION FOR A RAINY DAY!

That's how much Californians are now saving in our bank—\$4,078,274,433 as of the end of the year. Part of this money will make the hopes and dream of thousands of people come true this year. The rest will be saved for a "rainy day" or to help thousands more build their plans for the future. If all this money were allowed to remain in our bank until the end of 1955, it would earn \$81,565,488 interest. And that's another good reason for saving at Bank of America—the 2% bank interest. If you don't have an account with us, we invite you to open one now!

### WHAT WOULD YOU BUY WITH \$1,965,000,000?

We have a pretty good idea of what *was* bought for that amount of money during 1954—for it's the approximate amount of Timeplan and other instalment credit loans made by our bank last year. A good share of it went to pay for automobiles, household appliances, home improvements, Christmas gifts and many other worthwhile things right here in our town. If *you* need money at any time during 1955, Timeplan may be your answer, too.

### HAVE YOU "CHECKED" YOUR NEW YEAR'S RESOLUTIONS?

Chances are by now you've forgotten most of them. Many of our friends this year decided to open Bank of America checking accounts to help them keep better track of their money—the kind of resolution that can be worth a great deal in terms of thrift and convenience. If you haven't yet discovered how much Bank of America checks can mean to *you*, come in and let us explain the merits of either a regular or Tenplan checking account.

### Fireman Freddy Says:

A smoke pipe or chimney connection must be provided for all appliances designed for such connections. Safe smokepipes are short and well supported. They should not pass through combustible partitions. Combustible wall construction should be cut away from the pipe where it enters the chimney—18 inches is best but not less than the distance equal to the pipe diameter. Clearance of 18 inches is needed for most smoke pipes throughout their entire length.

Jan. 21 at 6:30 p.m., at the Albany Community Methodist Church. The auxiliary will celebrate its fifth anniversary at this meeting with a pot luck supper. All members are asked to bring a hot dish, or salad. Mrs. Alice Minn-lone is in charge of arrangements, assisted by Misses Josephine Kalberer, Virginia Walter, Olwyn Brothers, Tillie Reid, Frances Nien, Ada Townsend, Marie Bertrand, Mrs. Gladys Lewis is entertainment chairman, and Mrs. Elvina McDougall, will preside.

# More than new

Ford's 162-h.p. Y-block V-8 and 182-h.p. Y-block  
Special V-8 now offer new Trigger-Torque power!

When you Test-Drive Ford's new Trigger-Torque power you're in for a thrilling surprise. For here is power that can get you moving in split seconds... and give you safety-fast passing ability. It has actually been measured that it takes the rear wheels as little as 7/100 of a second to react to your touch on the gas pedal. Such

Co-power can come only from engines which are more than merely new—more than ordinary V-8 engines. And that's exactly what these Ford engines are. They are the result of the most advanced V-8 engineering—a result of Ford's experience in building more V-8 engines than all other makers combined have ever built!

# Tried and true

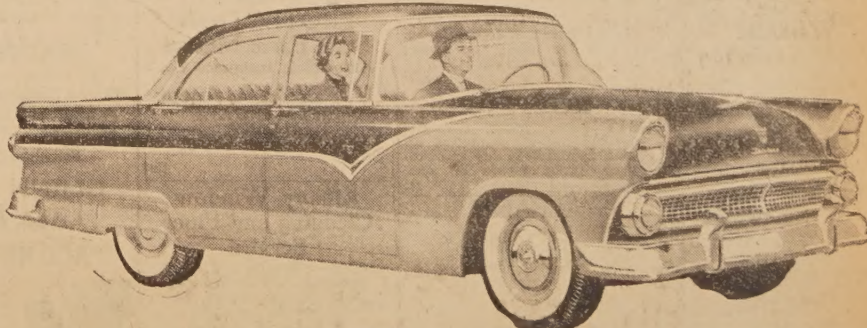

Ford's 1955 engine news resulted from 23 years' experience building over 14,000,000 V-8 engines

In 1932 Ford introduced the V-8 engine to the low-price field. And it was only just recently that other makers in Ford's field adopted this kind of engine—23 years later. Yet it is interesting to note that the majority of costlier cars were offering V-8's some time ago.

Ford's V-8 experience has never paid off better than this year. Now you can enjoy the ultimate in "Go"—new Trigger-Torque power. Now you get the greater smoothness of Ford's rigid deep-block design. Now you gain the savings of higher compression ratios. Now you

gain the power of the biggest Ford car engines ever.

Come in. Take your Test Drive today. Ford has much more to offer that's new. You'll find beautiful Thunderbird-inspired styling—comfortable new Angle-Poised Ride, to name just a few.
